Scope of Palliative Care Services:

Institute of Palliative Care will be 80 bedded treatment facility and will provide state of the art palliative care services to more than 5000 cancer patients annually. These palliative care services are not available anywhere in Pakistan. The facility is one of its kind in the country and is being developed under the guidance and supervision of world renowned Palliative Care Consultants.

This will be a seat of learning for nurses and doctors so further palliative care centers will be established in different cities of Pakistan subsequently. I thank all the donors for their contribution and their support and encouragement that has made this possible.

In 1991 I had the honor of being the World Health Organization consultant for Palliative Medicine in Pakistan. For one month I spoke to dozens of doctors about the judicious use of morphine to alleviate cancer pain.

Now, 22 years later, I have returned to Pakistan, again encouraging the dream of good symptom management for cancer patients. I am met with an astonishing wave of enthusiasm from doctors and nurses eagerly awaiting the long-sought relief envisioned by the Cancer Care Hospital & Research Centre Foundation in Lahore, planning 80 Palliative beds with a home outreach in a new large, "Cancer Care Hospital and Research Centre.

The Cancer Care Hospital & Research Centre Foundation (CCH&RCF) in Lahore is now offering hope to Pakistanis for Cancer Pain relief and psycho-social-spiritual care in designated palliative beds in a new facility to be called The Cancer Care Hospital and Research Centre. An onsite dispensary with morphine and other medication will enable symptom relief and allow cancer patients to go home to live comfortably until they die. It is time for cancer pain relief in Lahore.

کینسر کے مریض کا علاج لہر حلے پہ ہو* لازم ہے یہ اے۔ مہذب معاشرے کی K نی ہے۔

اپیل

پاکستان میں کینسر کے مریضوں کے علاج کی سہولیات تکلیف وہ حد تک نا کافی ہے۔ ہزاروں مریض علاج سے محروم رہ جاتے ہیں اور سینکڑوں مریضوں کو انکار کر دیا جاتا ہے۔ صرف پنجاب میں 1,80,000 مریض ہر سال کینسر کا شکار ہو جاتے ہیں اور محدود وسائل کی وجہ سے 1,50,000 مریض علاج سے محروم رہ جاتے ہیں۔

یاد رکھیں زندگی میں ہر 10 میں سے ایک شخص کینسر کا شکار ہو سکتا ہے۔ آئیے! علاج کی سہولیات سے محروم لوگوں کے لئے بنائے جانے والے جدید آلات سے آراستہ کینسر کیئر ہسپتال کی تعمیر میں شامل ہوں، جہاں ہر مرحلے کے کینسر کا علاج ہوگا، آخری مرحلہ جب درد روکنا لازم ہے۔ پہلے مرحلہ پر جب کینسر کا خاتمہ ممکن ہے۔ دوسرے مرحلہ جب شفا یابی مکمل ہو سکتی ہے۔ تیسرے مرحلہ جب زندگی کو طول دیا جاسکتا ہے۔ چوتھے مرحلہ جہاں بیماری کو کچھ دیر روکا جاسکتا ہے۔ اگر ہمیں کینسر نہیں تو کیا ہمارے اوپر کوئی ذمہ داری عائد نہیں ہوتی؟

ایڈوانس کینسر کے مریضوں کے علاج کے لئے **Institute of Palliative Care** کی تعمیر ہنگامی بنیادوں پر سب سے پہلے کی جا رہی ہے۔ اس کی تکمیل کے لئے مزید 29 کروڑ درکار ہیں۔

ہمیں چاہیے **MA** پ کا ساتھ

M بکے تعاون سے K اللہ ہم یہ ہسپتال جلد مکمل کر لیں گے۔
