# Our Achievements & Progress

## Cancer Care Hospital & Research Centre opens 3 LC in order to purchase.

- Two single energy Linear Accelerators. Model Unique Power from Varian Medical System, Switzerland.
- One Cobalt 60 Teletherapy Machine from AECL Canada source strength is 12,000 curie. PNRA under license number M205(177)

Majority of cancer patients need some type of radiation therapy during the course of their illness. Presently due to shortage of radiation machines patients have to wait for 5 to 8 months for radiation treatment and during this period many patients die and in others disease progresses. Cancer Care Hospital & Research Center is starting construction of Radiation Block. It will provide **Free of cost** radiation therapy to all patients.
