## CANCER CARE HOSPITAL & RESEARCH CENTER

### Your Money Saves Lives

Cancer Care Hospital is Pakistan's only hospital providing 100% free of cost radiation treatment to all cancer patients. With your generous donations of Rs. 900 Million we have purchased four state of the art radiation machines and have the capacity to install two more. Cancer Care Hospital will now be able to provide free cancer treatment to more than 15000 patients per year. That's 15,000 lives your generous support will save from untimely death and unnecessary pain & suffering. We thank you for your compassion and your donations and we urge you to stay with us on this life-saving journey.

### 100% Free Treatment of Cancer

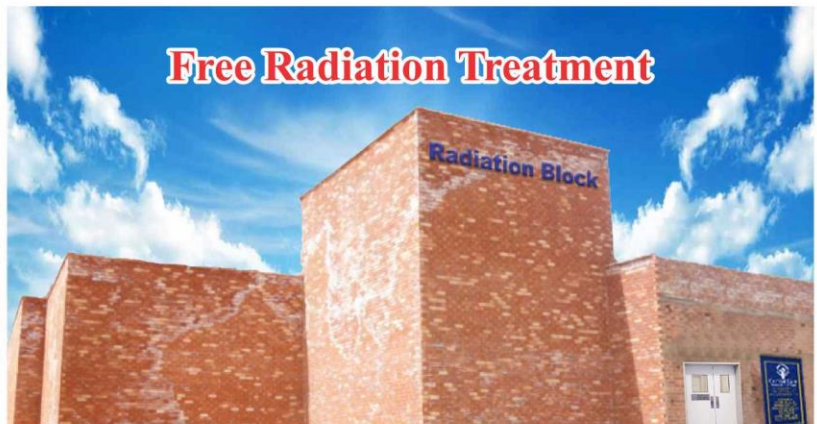

### Institute of Palliative Care

A 100 bedded indoor palliative care facility is being constructed which will focus on relief of pain & symptoms so as to attain the best possible quality of life. It will provide advanced techniques of pain management and offer psychosocial, spiritual and bereavement support. This department has treatment rooms and support facilities for advanced cancer patients providing the customized care.

### Radiation Block

Majority of cancer patients require some type of radiation treatment during the course of their illness. Previously, due to a shortage of radiation machines, patients had to wait for 5 to 8 months and had to pay Rs. 4-6 Lacs (USD 2500-3500) for radiation treatment in expensive private hospitals. During this period, too many patients either died or saw their disease progress. Cancer Care Hospital aims to tackle preventable deaths in Pakistan and is now providing **free of cost radiation therapy** to all patients, with four state of art radiation treatment machines for this purpose.

### Free Radiation Treatment

**Six bunkers constructed for radiation machines in a record time of 11 months!**

Cancer Care Hospital & Research Center

A 400 Bedded Cancer Hospital, where no patient will be refused and treatment will be 100% free of cost.

# The NRQ Foundation Family

From left to right, Mian Nasim Riaz, Mrs. Nasim Riaz, Mrs. Saman Asif & Mr. Asif

Mian Nasim Riaz and his family have devoted their lives to the improvement of health care facilities for the under privileged women suffering from Breast Cancer. This motivation has led them to the establish “NRQ Institute of Breast Cancer” in the premises of Cancer Care Hospital. This hospital will meet the international standards. This Institute of Breast Cancer will be the first dedicated breast cancer hospital of Pakistan & will provide **free of cost** comprehensive breast cancer treatment under one roof.

Here facilities include mammography, ultrasonography, biopsy and oncoplastic breast surgery in modular operation theaters, radiotherapy & chemotherapy for breast cancer patients. A separate building is being designed for NRQ - Institute of Breast Cancer. All services for breast cancer are currently being shifted to 2<sup>nd</sup> floor of 1<sup>st</sup> building block.

## Free Mammography Services in Pakistan

Cancer Care Hospital has expanded its **free** mammography services to all of Pakistan. It is the only hospital in the country providing **free** Breast Cancer Screening at the door steps of under privileged communities throughout Pakistan. This is the only program in Pakistan committed to the early detection of breast cancer.

### Free Mammography Services with Mobile Vehicles

#### Data of Free Mammography Service

1. Total Mammographies	= 30280
2. Ultrasonographies	= 2023
3. Breast Biopsies	= 380
4. Cancers Detected & Treated	= 178

Qadir Pur Ghotki welfare dispensary

Kala Bagh Village, Miawali

Karak, KPK

Sinhoro OGDCL

Cancer Care Hospital has spent **USD 1 Million** (PKR 150 Million) approximately on free mass breast cancer screening program for the under privileged. This burden has also been shared by MJF Lions Club Lahore.

# Meet the Cancer Care Hospital & Research Center Team

Prof. Dr. Shaharyar is a well-known figure in the oncology community of Pakistan. He is known for his dedication and commitment to cancer patients and cancer research. He is a popular teacher of Oncology and Radiobiology and has a teaching experience of 35 years. As a physician he has treated more than 150,000 cancer patients in the last 35 years of his career. He has been honored with various awards and gold medals for his services and cancer research in oncology including lifetime Achievement Award by Pakistan Society of Clinical Oncology, Distinguished Services Award for Cancer Research and Shams uz Zaman Memorial Gold Medal. He has received National Human Rights Award 2016, from Ministry of Human Rights, Government of Pakistan for his advocacy to declare Health Care as a Fundamental Human Right. President of Pakistan, Mamnoon Hussain conferred this award during a ceremony held in Awan-e-Sadar Islamabad on 10th of December 2016.

He is the founder of Cancer Care Hospital & Research Center, a large charitable 400 bedded hospital, spread over an area of 27 acres which is near completion on Raiwind Road Lahore. **Here treatment of cancer is free of cost and no patient is being refused.** He strongly advocates that the provision of health care services should be considered a fundamental human right and these should be provided **free of cost** to every citizen without any discrimination.

Brig. (R) Dr. Shahid Rasul is a **Clinical Oncologist** and has **thirty five years** of experience. He is Director Radiotherapy / Clinical Oncology at Cancer Care Hospital. Here he has treated first 1000 patients on the platform of Cancer Care Hospital Lahore, Pakistan.

Dr. Zafar Alauddin is **Consultant Clinical Oncologist** and has **thirty five years** of experience. He is Senior Consultant Clinical Oncology at Cancer Care Hospital.

Dr. Hammad Raza Sheikh has been performing free breast cancer surgeries since December, 2017 for Cancer Care Hospital. He has been trained in University Hospital Aintree, a distinguished hospital in UK and has worked as a consultant in Royal Shrewsbury Hospital which is a state of art and one of the busiest Breast Center in UK. He is an **oncoplastic, reconstructive** breast surgeon. He has over **ten years of experience** in treating breast cancer patients in UK and now has performed over **650 Free breast cancer surgeries** on the platform of Cancer Care Hospital Lahore, Pakistan. Cancer Care Hospital is providing **free of cost** services for the treatment of breast cancer to the people of Pakistan.

Prof. Areesha Zaman an **eminent nuclear scientist** & has **36 years** of experience in Medical Radiation Physics. She is the senior most medical physicist in the country. She has more than **40 international publications** to her credit. She is an excellent teacher. She has worked as expert for International Atomic Energy Agency for developing countries. **She is the active Board Member & Director Medical Radiation of Cancer Care Hospital & Research Center.** Here she has established Radiation Block, designed of six radiation bunkers & installed radiotherapy equipment.

Dr. Pamela Sutton, MD is a board certified family **physician in Fort Lauderdale, Florida.**

She is currently licensed to practice medicine in Florida. She has served the **World Health Organization** in South East Asia as a Palliative Consultant for over a decade. She has been joining hands with the Palliative Team in Cancer Care Hospital & Research Center Lahore Pakistan led by a very empathetic palliative care physician trained in Flinders University Australia Dr. Riaz-Ur-Rehman.

Dr. Riaz-ur-Rehman is a renowned Palliative Care Physician and Oncologist, who has worked in different countries and cultures. He has been working in the field of oncology since 1988. He has been trained in Palliative Medicine at Flinders University Australia. He has accepted the challenge to set up first hospital based palliative care unit with a hospice at home program, and to run a training program for the doctors/nurses.

**Dr. Riaz-ur-Rehman is an active Board Member & Consultant Palliative Care Physician of Cancer Care Hospital.**

**“Everyone has been made for some particular work,  
& the desire for that work has been put in every heart.” - Rumi**
