# From The Chairperson's Desk

**Prof. Dr. Shaharyar**  
Senior Clinical Oncologist

Thanks to Allah Almighty who has enabled us to start this charitable hospital. Thanks to thousands of donors who have contributed with Donations, Zakat & Sadqa. We are proud of our Pakistani community abroad, almost every one of them is donating back home for some good cause.

Today we are providing free of cost treatment to over 300 patients per day in the Radiation Department, Out Patient Department & Palliative Care Indoor. Our Operation Theaters & Intensive Care Unit are operational now. Sarai Bashar (سرائے بخش) is accommodating over 160 attendants of patients who have come from a remote area or abroad, and are providing free accommodations & meals. This Sadqa-e-Jaria is set in motion by your commitment and dedication to alleviate the suffering of the cancer patients.

Please continue this generous donation to help us treat these patients and to complete this hospital. We seek forgiveness from those patients who might have had some difficulty in our early days of service. May Allah Bless You.

## FIRST EVER INSTITUTE OF PALLIATIVE CARE IN PAKISTAN

**NO ONE SHOULD SEE THEIR  
LOVED ONES IN SUFFERING!**

**Prof. Dr. Pamela Sutton** (above) Ex W.H.O Consultant & **Prof. Dr. Riaz-ur-Rehman** (bottom right) with their team of dedicated doctors and nurses are providing excellent Palliative Care services to both admitted and outdoor patients. This is all managed through your generous Donations, Zakat & Sadqa.

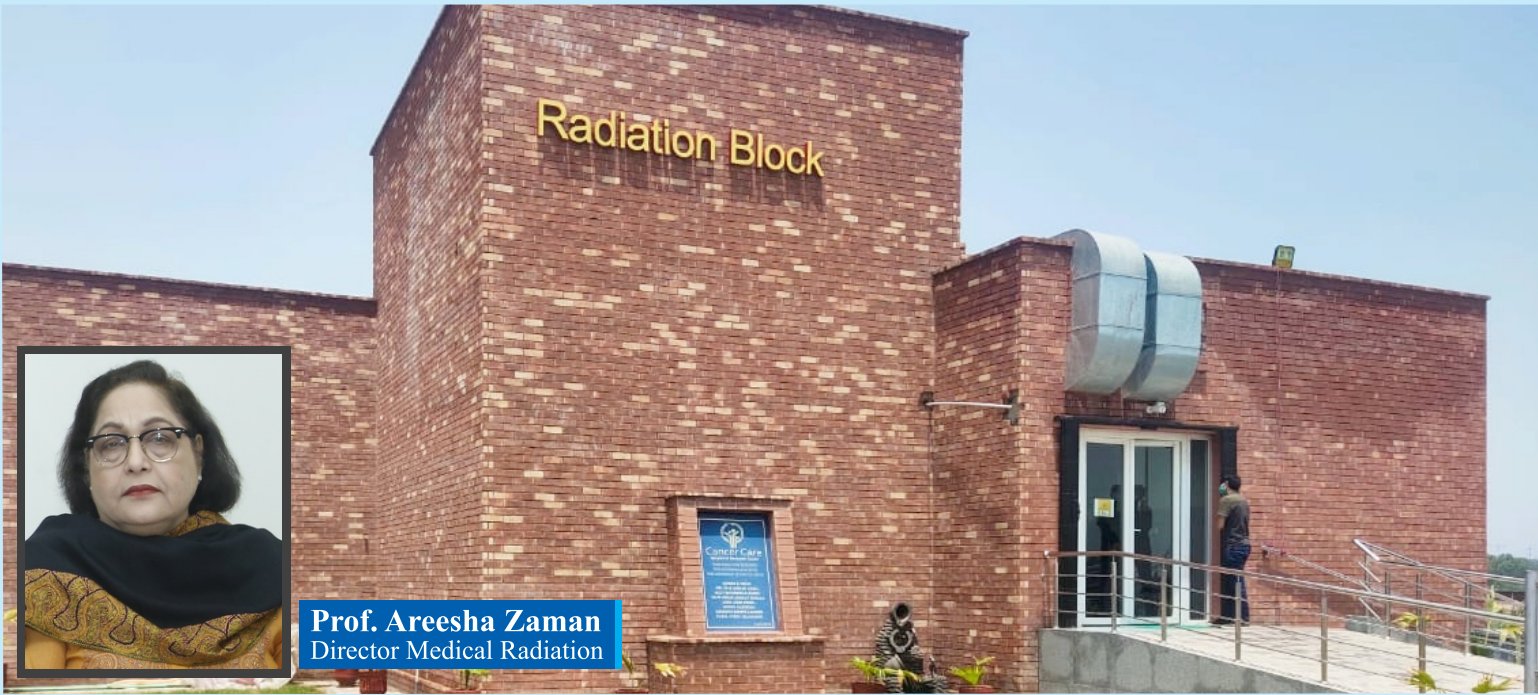

**Dr. Riaz-ur-Rahman**  
HOD Institute of Palliative Care

**Ghazala Tariq**  
Director Admin

Institute of Palliative Care (IPC) has started admitting patients from November 2021. The outpatient facility has been functioning for the last 3 years. More than 1500 patients have been seen as an outpatient and subsequently managed by telemedicine & home visits. IPC is supported by Lab services, Pharmacy, Blood Bank & Ambulance services.

## FREE OF COST RADIOTHERAPY SERVICES

**Prof. Areesha Zaman**  
Director Medical Radiation

Radiation Block of Cancer Care Hospital and Research Centre, Lahore is providing free of cost state of the art radiotherapy facility since June 2019 to Pakistani as well as foreign patients irrespective of their caste, ethnicity, and religion. It is one of the largest radiotherapy centers in Pakistan comprising of seven radiation bunkers, a bench mark in terms of its infrastructure, capacity, and radiation delivery system. The radiation block provides radiotherapy services to 150 plus patients per day on an average. Radiation team not only treats patients but also maintains quality of care & conducts active research on critical issues. This state-of-the-art radiotherapy center currently has following equipment:

Sr. No.	Machine	Manufacturer	Model
1	Digital Simulator	Varian	Acuity
2	Cobalt 60-I	Theratronics	Gamma-Beam 80-100
3	Cobalt 60-II	Theratronics	Gamma-Beam 80-100
4	Single Energy Linear Accelerator	Varian	Unique
5	Dual Energy Linear Accelerator	Varian	CLINAC IX
6	Brachytherapy	Elekta	Flexitron
7	CT Simulator	Canon MSC Japan	Aquilion LB

**Total Number of Radiation Exposures in 2021 = 52463**

Addition of Multi Leaf Collimators (MLC) in single energy linear accelerator & KV imaging, CBCT and MV portal vision in Dual Energy Linear Accelerator are expected to be completed in the first quarter of the year 2022. With this upgradation, the treatment efficiency of linear accelerators will increase many fold. All these upgrades will be backed by Varian Eclipse Treatment Planning Software capable of calculating IMRT and VMAT plans.

## FREE OF COST RADIOLOGY SERVICES

**Prof. Dr. Muhammad Fiaz**  
Consultant Interventional Radiologist

Radiology at Cancer Care Hospital & Research Centre is emerging as a state of the art facility. In phase-I we are providing Digital Mammography, Breast Ultrasonography and Breast Biopsies. At times more than 20 core biopsies are performed in a single day. Digital X-Ray machine and CT scan machine are under installation. InshAllah very soon we will make this a center of excellence for Interventional Radiology.

# Progress of Cancer Care Hospital

## FREE OF COST MAMMOGRAPHY SERVICES

Cancer Care Hospital has extended its **free** mammography services to all of Pakistan. It is the only hospital in the country providing **free** Breast Cancer Screening at the door steps of under privileged communities throughout Pakistan. It has provided more than 43000 mammographies, 4000 ultrasonographies and detected and treated 158 breast cancers at an early curable stage. This is the only program in Pakistan committed to the early detection of breast cancer.

Cancer Care Hospital has spent **USD 1 Million (PKR 176 Million)** approximately on free mass breast cancer screening program for the under privileged. This burden has also been shared by MJF Lions Club Lahore.

Mobile Mammography Vehicle

## FREE OF COST CANCER OPD SERVICES

The Out Patient Oncology Service at Cancer Care Hospital was started in 2019 with the help of a specialized team of certified, highly trained, and experienced Oncologists, Surgeons & Nurses. Seven Oncologists, Two Surgeons, Two Anesthetists, Two Radiologists and other staff members are attending over 200 cancer patients every day.

Our Oncology experts work with each patient to develop an individualized comprehensive treatment plan to address their specific needs. Here doctors discuss with the patient the best treatment option that may involve chemotherapy, surgery, and/or radiation therapy. Radiation therapy is delivered by competent treating Physicians, Physicists and Technologists on state of the art Linear Accelerators.

Appointments in the OPD clinics for new patients are to be obtained by calling 042 111 224 224 Ext. 0, or you can send your reports on WhatsApp +92 3247777892. The OPD clinics are open between 9:00 AM and 4:00 PM, from Monday to Friday.

**Brig. (R) Dr. Shahid Rasul**
